Benefits of Body Signage The Mosaic and The Expression

- **The Mosaic** is a versatile, modular recycling and waste container system designed for durability and flexibility. It features customizable signage, secure bag retention clips, and an optional lockable caster kit for easy, safe relocation.
- **The Expression™** is the only molded plastic container that effectively prioritizes signage! All four sides have space for customized signage, allowing you to differentiate streams or advertise your business.
- Changeable signage space on all 4 sides of the container helps communicate streams and increase diversion rates.

Signage and communication of your program is one of the most effective tools to a successful waste diversion strategy.
