

Audio Solutions

Audio Enhancement, Inc. was founded on the belief that learning begins with hearing. Classroom audio is at the core of everything we do. Each Classroom Audio System delivers the teacher's natural voice and multimedia audio to every student in the room at an enhanced, consistent volume. Our flexible Classroom Audio Systems can be used in any learning environment.

HOW AUDIO SOLUTIONS WORK

SPEAK

Wireless microphones provide hands free instruction and boost student confidence to speak up and participate in class.

DISTRIBUTE

Revolutionary audio technology distributes sound throughout the classroom to amplifiers and speakers.

HEAR

Powerful sound technology helps students hear anywhere in the classroom and supports dynamic multimedia lessons.

Audio Solutions HIGHLIGHTS

PORTABLE AUDIO SYSTEMS

Portable solutions, such as the BEAM, are designed to work effortlessly with our XD microphones, allowing teachers to instruct anywhere in the room, while still delivering quality intelligible audio.

XD HANDELD AND TEACHER MICROPHONES

The XD microphones are lightweight and simple to use. In addition to distributing voices, the teacher microphone can initiate a silent alert signal.

INSTALLED AUDIO SYSTEMS

Distribute sound and provide hands-free instruction, while giving classrooms a robust system that can be customized to fit specific needs.

95% of students agree that classroom amplification makes it easier for them to hear their teacher

92% of students agree they want to use an amplification system in their classroom

Making a difference in education since 1978
