The Outdoors

The Fusion™ Series

Outdoor bins should be durable, easy to maintain, and designed for efficient collection, with proper capacity, clear signage, and color coding for sorting. Features like secure lids, anchoring, and drainage ensure they withstand weather and heavy use.

Introducing the Fusion Series. This bin brings these qualities together, combining recycled materials, smart design, and versatile functionality. Durable enough for outdoor use and sleek enough for indoors, it offers flexible single or double-stream options and clear signage. Making recycling simple and effective.
